Issue No. 8

August 2004

From our President

First we need to say goodbye to our Editor Diana Wirtz. She has been our editor since we started putting out Newsletters, Issues 1-7. The call went out for the need to put out a newsletter and she stepped up and did a great job. We wish you the best and your always welcome. Make sure you let us know when the party is at your place. There won't be more than 30-40 people to crash at your place.

We had a great turn out for the Tech Session at MAX RPM. Our featured spot was BREMBO BRAKES. Bob went through the different types and variables of brakes systems. Advantages and disadvantages of bigger brakes. We also heard discussion about Turbocharging and supercharging. The differences between them and what system is best suited for various needs. We saw some awesome race bikes and a show car in the making. Everyone had good food and conversation.

The CWR Whistler Weekend is this month and some from our club are going to it. If you have never been to this event over the years you are missing a great time. Lots of fun, good food, great friendship and beautiful driving. What more can you ask for.

Our OPR Dinner which is usually scheduled for the third Friday of the month will be on the fourth Friday this month only. It was voted on because of the conflict with Whistler Weekend. Dinner will be at Fischiare La Fermata in Bremerton. Hope to see you there.

We need all who can make it to the September Board Meeting Wednesday the 7th, to do so. We need to fill out our calendar for the next few months and schedule our events and dinners. Our Christmas Party will also be discussed

Finally remember that next month our event will be the Chile Cook-off in Point Angles

OK club members, we need some suggestions for the Newsletter. What do you want to see in it? As your new editors we have discussed ways of increasing the content of the newsletter. We have some ideas but would really like to hear about your ideas.

Lots and lots of time and \$\$ go into any show car. This one has power and tunes to suit all.

Brembo Brakes at MAX RPM

Standing Room Only

This crew can cook for me anytime!!

I know dear it's been 8 hours since I washed you.

Bigger is Better er Brakes that is.
